December 18, 2024

Honorable Board of Directors,  
Citizens of Cosumnes Community Services District:

We are pleased to present the Annual Comprehensive Financial Report (ACFR) for the Cosumnes Community Services District (District) for the fiscal year ending June 30, 2024. This report is submitted for the Board's review and is published as a public record for the benefit of interested citizens, government entities, and investors. The ACFR adheres to the accounting and financial reporting principles and standards established by the Governmental Accounting Standards Board (GASB). It provides all the necessary information to enable readers to develop a clear understanding of the District's financial activities.

The District's financial statements have been audited by Maze and Associates, Certified Public Accountants. The goal of the audit is to obtain reasonable assurance that the financial statements are free of material misstatements and are fairly presented in conformity with generally accepted accounting principles (GAAP). The District's auditors have issued an unmodified opinion on the District's financial statements for the fiscal year ended June 30, 2024. The independent auditors' report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A), immediately following the independent auditors' report, provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Management takes sole responsibility for the completeness and reliability of the information in this report based on a comprehensive framework of internal control that it has established for this purpose. The objective of internal controls is to provide reasonable, rather than absolute, assurance that the financial statements are free from material misstatement.

### **Profile of the District**

The District is a political subdivision of the State of California guided by a five-member elected Board of Directors. It was originally established as the Elk Grove Community Services District (CSD) on July 1, 1985, under Government Code Sections 56261.1 and 56439(c). This formation resulted from the merger of the Elk Grove Fire Protection District and the Elk Grove Recreation and Park District.

In 2006, another reorganization combined the Elk Grove CSD with the Galt Fire Protection District, creating the Cosumnes Community Services District. This reorganization expanded fire protection and emergency medical services coverage from the Elk Grove region to include the City of Galt and additional unincorporated areas in southern Sacramento County.

---

The District is a growing community that spans 157 square miles south of Sacramento County, with a population of approximately 204,492; it operates nine fire stations, one fire training facility, one golf course, two community centers, five recreation centers, two aquatic complexes, and over 104 parks and employs 356 full-time and over 200 part-time staff. The District provides fire protection services, including fire suppression, fire prevention inspection, plan checking, public education programs, emergency medical services, ambulance transport, advanced life support and rescue services, and; in addition, provides parks, recreation facilities, and programs.

### ***Blended Component Units***

The Elk Grove Community Services District Foundation (the Foundation) was established on March 21, 1996 for the purpose of protecting lives through fire prevention educational programs, financially assisting residents who cannot afford to participate in recreational activities and beautifying the community of Elk Grove. On April 4, 1997, the Foundation was recognized as exempt under Section 501(c) (3) of the Internal Revenue Code. In June 2008, the Foundation was reorganized into an active community foundation. The name of the Foundation was changed to Cosumnes Legacy Foundation; the existing elected and appointed directors resigned their positions and seven (7) community members were appointed as Foundation Directors with two and three-year staggered terms. The Foundation is a legally separate component unit that is reported as a non-major governmental fund within the basic financial statements.

The Elk Grove Community Services District Public Facilities Acquisition Corporation (the Corporation) was established in March 2006 to facilitate financing the acquisition of capital assets of the District. The Corporation's Board is comprised of the members of the District's Board of Directors. The Corporation does not have any assets or liabilities. Its activities have been blended with the appropriate District funds. No separate financial statements are issued for the Corporation.

The District administers three Community Facilities Districts (CFD), including CFD No. 1 (Elk Grove Fire Protection), CFD No. 2021-1 (Sheldon Farms North) and CFD No 2022-1 (Elliott Springs) formed under California Code Section 53311, the Mello-Roos Act of 1982, that are authorized to levy special taxes on properties within the CFDs and for which the District's Board of Directors serves as the governing body of the CFD. The District can impose its will on and has administrative responsibility for each of the CFDs. As a result, the CFDs are component units of the District. CFD No. 2021-1 was formed to fund the costs of fire protection, park maintenance and landscaping services for the Sheldon Farms North area. CFD 2022-1 was formed to fund the maintenance of public facilities, including street lighting, landscaping, drainage, and other basic public infrastructure, as well as to fund fire protection and paramedic services for the Elliott Springs Area. The District can access the resources of each of the Community Facilities District and, as a result, reports the Community Facilities District on the blended basis with the District in the CFD Special Revenue Fund.

### ***Budgeting Controls***

As required by State of California Government Code 61110 (f), the District prepares and legally adopts a final operating budget on or before September 1 of each biennial year. This budget reflects, as nearly as possible, the estimated revenues and expenditures for the upcoming year.

The budget is made available for public inspection through a public notice. On the dates stated in the notice, the Board of Directors conducts public hearings on the budget and, after the hearings, makes a final determination thereon. Biennial budgets are adopted for the General Fund, Capital Projects Fund, Debt Service Fund, Special Revenue Funds, and Enterprise Funds. Until the adoption of the final budget, operations are governed by the adopted preliminary budget approved by the Board before June 30th. The final budget serves as an approved plan for operational control and performance evaluation.

The budgetary control level (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level. The expenditure portion of the budget is enacted into law through the passage of an appropriation resolution. This resolution constitutes maximum spending authorization for the fiscal year. It cannot be exceeded except by amendment of the budget by the Board of Directors. During Fiscal Year 2023-24, amendments were made to the final adopted budget. Monthly comparison of actual-to-budgeted revenues and expenditures identifies significant variances that may require the District to take corrective action.

### **Local Economy**

The District serves the diverse communities of Elk Grove and Galt in Sacramento County, California, offering critical services that enhance public safety and quality of life. The District provides fire protection and emergency medical services to both Elk Grove and Galt, ensuring the safety and well-being of residents across its entire service area. Additionally, the District manages parks and recreation services exclusively for Elk Grove, supporting its growing population with vibrant recreational programs and well-maintained parks.

Elk Grove, with a population of over 178,000, is experiencing rapid growth fueled by its robust economy, driven by sectors like healthcare, retail, and advanced manufacturing. The city's steady residential and commercial development increases demand for both public safety and recreation services, requiring the District to strategically plan for sustainable service delivery. Galt, on the other hand, retains its strong agricultural roots and community-focused economy, with a population of over 26,000. While Galt's growth is more moderate, its residents depend heavily on the District's fire and emergency medical services for safety and security.

As the population continues to grow, political leaders are focused on bringing business and commerce to the region, increasing the demand for housing. As of June 2024, home sales volume increased approximately 20% year-over-year, even with high interest rates, mainly attributed to people moving into Elk Grove from the Bay Area.

Residential real estate is experiencing a slow market, with home prices decreasing slightly in the Sacramento County region due to the increase in interest rates controlling the increase in home values. As of June 30, 2024, the median home prices were \$623,000, an increase of 3.83% from 600,000 on June 30, 2023. There is still a high demand for construction to add to the housing inventory, and the District is estimating that property tax revenues will increase by 5% in Fiscal Year 2024-25, a projected increase in wage and salary jobs, and an unemployment rate remains steady at 3.8%.

### **Long-Term Financial Planning**

The District's long-term financial planning framework emphasizes proactive strategies to ensure fiscal stability and meet community needs. Key initiatives include implementing a life-cycle asset replacement program to maintain infrastructure, reducing other post-employment benefits (OPEB) and pension liabilities through disciplined funding and strategic investments, diversifying revenue sources by updating developer impact fees, and establishing Community Facility Districts (CFDs). Additionally, the plan includes creating Landscaping and Lighting (L&L) overlays for underfunded zones to ensure equitable service delivery and address funding gaps for essential services through CFDs.

### **Relevant Financial Policies**

#### ***Reserve Policy***

In November 2023, the District updated its reserve policy to align with the Government Finance Officers Association (GFOA) recommendations. These revisions ensure prudent financial management and adequate reserves to support District operations and infrastructure.

The updated policy establishes reserve requirements for the General Fund at 25-30% of its annual operating costs. Debt Service Reserve Funds are maintained at a level sufficient to cover one year of debt service payments, safeguarding the District's financial obligations. Capital Reserves are allocated for essential capital improvements, including the development and maintenance of parks, facilities, and apparatus replacement, ensuring the sustainability of District assets. The Landscape and Lighting (L&L) Reserve balance is determined based on the Park Maintenance Management Plan. Funds are designated exclusively for planned repairs, maintenance, and the lifecycle replacement of assets within each specified Benefit Zone, as mandated by the Landscape and Lighting Act of 1972. These reserves are classified as restricted fund balances, providing clarity and assurance that funds will be used solely for their intended purposes.

#### ***Investment of Funds Policy***

The District's Investment Policy prioritizes the safety of principal while addressing the District's short- and long-term cash flow needs and adhering to legal requirements for public fund investments. The policy outlines objectives, guidelines, and procedures for managing District funds, excluding employee retirement and deferred compensation funds, and deposits governed by California Government Code Sections 53630-53686. Bond proceeds are to be invested per the applicable bond documents or, if unspecified, in accordance with the policy's permitted securities, exempting bond proceeds from percentage limitations listed elsewhere in the policy. The policy ensures all investments are accounted for in the District's Annual Comprehensive Financial Report (ACFR).

### ***Internal Services Fund Policy***

The District has established Internal Services Funds (ISF) to support long-term financial planning and sustainability. The ISF encompasses distinct segments—Facilities, Fleet Replacement, IT, and Risk Management—each designated for specific purposes with tailored cost allocation methods and implementation strategies. To fund the ISF and ensure its effectiveness, the District transfers a portion of its General Fund reserves into the ISF, providing initial funding to support the objectives of each segment. The Finance Division will oversee the tracking and allocation of funds deposited into the ISFs from various departments, ensuring resources are directed toward identified capital expenditure projects or life-cycle replacements within each department. Resources sourced from districtwide allocations or reserves will be managed by the Administrator of General Services, who will prioritize their use for capital projects and strategic initiatives.

### **Major Initiatives**

#### ***Station 77***

Fire Station 77 officially opened in April 2024, marking a significant milestone in the District's efforts to enhance public safety and emergency response. Located at 8350 Poppy Ridge Road in Elk Grove, the station is strategically positioned to serve the rapidly developing southeast section of Elk Grove, improving response times across our jurisdiction. The surrounding area includes key establishments such as Kaiser Permanente, Cosumnes River College-Elk Grove Center, Sky River Casino, numerous businesses, and hundreds of newly built single-family homes. The 9,010-square-foot, state-of-the-art fire station is equipped to meet the demands of this dynamic and growing community.

#### ***CORE Recreation Center***

Currently under construction, the CORE Recreation Center is set to become a premier destination for fitness, recreation, and community engagement. Slated to open in spring 2025, this two-story, 59,000-square-foot facility is located within Morse Community Park at the corner of Bellaterra Drive and Fire Poppy Drive. The CORE Recreation Center will offer a wide range of programs and activities, including individual and group fitness, drop-in and registered activities, sports classes, leagues, and tournaments. Designed to expand recreation programming and increase service levels, the facility will play a pivotal role in promoting physical and mental well-being for residents of all ages.

### **Other Information**

#### ***Independent Audit***

State law requires that every general-purpose local government publish a complete set of audited financial statements within six months of the close of each fiscal year. The District selected the firm Maze & Associates, Certified Public Accountants, to meet this requirement. The independent auditor's report on the basic financial statements is included at the front of the financial section of this report.

---

### ***Awards***

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded the District a Certificate of Achievement for Excellence in Financial Reporting (Certificate of Achievement) for Fiscal Year 2022-23. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparing state and local government financial reports. To obtain this Certificate of Achievement award, the District must publish an easily readable and efficiently organized set of comprehensive financial reports that meets generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement award is valid for a period of one year only. Our reports conform to the Certificate of Achievement program requirements, and we are submitting them to the GFOA to determine our eligibility for another Certificate of Achievement.

### ***Acknowledgments***

The timely preparation of this Annual Comprehensive Financial Report could not have been accomplished without the efficient and dedicated service of the entire Administrative Services Department staff and the cooperation and assistance received from the Parks and Recreation and Fire Department staff.

In closing, we commend the Board of Directors for its interest, support, and leadership in planning and conducting the District's financial operations in a responsive and progressive manner.

Respectfully submitted,

A handwritten signature in black ink that reads "Nou Vang".

Nou Vang  
Finance Director

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Cosumnes Community Services District  
Elk Grove, California

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Cosumnes Community Services District (the District), California, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Cosumnes Community Services District, as of and for the year ended June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the State Controller's Minimum Audit Requirements for California Special Districts. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

As management of the Cosumnes Community Services District, we present this narrative overview and analysis of the District's financial activities for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the front of this report on pages iii-viii.

### FINANCIAL HIGHLIGHTS

- At the close of the 2023-24 and 2022-23 fiscal years, the Cosumnes Community Services District's total assets and deferred outflows of resources exceeded its total liabilities and deferred inflows of resources by \$272,933,637 and \$255,201,786, respectively, representing the District's net position. Of this amount, \$105,969,929 is restricted for specific purposes (*restricted net position*), and net investment in capital assets was \$239,749,801 for Governmental Activities, and \$5,277,219 for Business-Type Activities. The increase in net position is due to the increase in cash and investments, accounts receivable, deferred outflows for the OPEB plan, fixed assets and net investment in capital assets. This increase is discussed further on pages 11 and 12 of this report.
- For FY 2023-24, the District's total governmental fund revenues reached \$148.6 million, reflecting an increase of \$18.9 million (14.6%), a substantial 178% increase in intergovernmental revenues (\$10.8 million), and a 5.9% increase in Charges for Services (\$2.9 million), alongside a modest increase in Donations and Contributions. However, these gains were offset by a 19.5% decrease in Developer Fees and Contributions of \$1.6 million and an 82% drop in revenue from the Use of Money and Property amounting to \$4 million. On the expenditure side, total governmental expenses rose by \$12.3 million to \$131 million, largely due to a 28% increase in capital outlay (\$6.9 million), a 5.56% rise in public protection expenses (\$3.6 million), a 5.62% growth in recreation and culture expenses (\$1.9 million), and a 38.3% increase in general government expenses (\$3.9 million). These increases were partially mitigated by a 14% reduction in debt service costs (\$314,000). Additional details on revenues and expenditures are provided on page 12.
- As of June 30, 2024, the District's governmental funds reported a combined fund balance of \$143,167,612, reflecting a decrease of \$5,829,591 compared to the previous year. Of this total, approximately 22% or \$32,120,672 (*unassigned fund balance*) is available for spending at the District's discretion.
- At the close of the fiscal year ended June 30, 2024, the total fund balance restricted for park and fire station construction, capital projects, landscape and lighting district operations, and foundation activities was 76% or \$108,929,742, and 1.48% or \$2,117,198 was committed for projects approved in the District's ARPA funding plan from unrestricted state COVID-19 funds.
- The District's total long-term obligations increased by 5.6% or \$12 million during the fiscal year 2023-24. The increase was primarily driven by an increase in Net Pension Liability of \$15.5 million and an increase of 14.3% in compensated absences of \$460,796. These increases were partially offset by decreases in net OPEB liability of \$1.2 million.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

### OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis provided here are intended to serve as an introduction to the District's basic financial statement. The District's basic financial statements comprise of three components 1) **Government-wide** financial statements; 2) **Fund** financial statements and 3) **Notes** to basic financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

**Government-wide Financial Statements** provide a broad overview of the District's finances and consist of the Statement of Net Position and the Statement of Activities.

The *Statement of Net Position* presents financial information on all of the District's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in the net position serves as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed due the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (*business-type activities*). The governmental activities of the District include general government, public protection, and recreation and culture. The business-type activities of the District include a golf course operation.

The government-wide financial statements include not only the District itself (known as the *primary government*), but also a legally separate non-profit organization, Cosumnes Legacy Foundation, which the District is financially accountable. Financial information for this blended component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 21-22 of this report.

**Fund Financial Statements** are groupings of related accounts used to maintain control over resources segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The district's funds are divided into two categories: governmental funds and proprietary funds.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

**Governmental Funds** are used to account for essentially the same functions reported as *governmental activities* in the Government-wide Financial Statements. However, unlike the Government-wide Financial Statements, Governmental Fund Financial Statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the Government-wide Financial Statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the Government-wide Financial Statement. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Landscape and Lighting Special Revenue Fund, Measure E Special Revenue Fund, and the Capital Projects Fund, which are considered major funds. Data from the other four governmental funds is provided by combining statements in the combining and individual fund statements and schedule section of this report.

The District adopts a biennial appropriated budget for its General Fund. To demonstrate compliance with this budget, a budgetary comparison is provided for the general fund.

The basic governmental fund financial statements can be found on pages 23-26 of this report.

**Proprietary Funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses a proprietary fund, an enterprise fund, to account for Emerald Lakes Golf Course and Internal Service Fund.

Proprietary funds offer detailed information similar to what is presented in the government-wide financial statements. These statements include data on the Emerald Lakes Golf Course, which is classified as a major fund of the District, as well as details about the District's Internal Service Fund.

The basic proprietary fund financial statements can be found on pages 27-29 of this report.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

**Notes to the Financial Statements** provide additional information that is necessary to acquire a full understanding of the data provided in the Government-wide and Fund Financial Statements. The notes to the financial statements can be found on pages 31-72 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the District's progress in funding its obligations to provide pension and OPEB benefits to its employees. Required supplementary information can be found immediately after the notes to the financial statements on pages 75-83 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pension and OPEB. Combining and individual fund statements and schedules can be found on pages 87-121 of this report.

## GOVERNMENT-WIDE OVERALL FINANCIAL ANALYSIS

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities and deferred outflows by \$272,933,637 at the close of the most recent fiscal year.

# COSUMNES COMMUNITY SERVICES DISTRICT

Restricted	105,969,929	105,513,072			105,969,929	105,513,072
Unrestricted	(76,721,822)	(87,169,910)	(1,341,490)	(1,084,359)	(78,063,312)	(88,254,269)
Total Net Position	\$ 268,997,908	\$ 252,027,455	\$ 3,935,729	\$ 3,174,331	\$ 272,933,637	\$ 255,201,786

### ***Governmental Activities***

The largest portion of the District's governmental activities net position of \$268,997,908 (89.1 percent) reflects its net investment in capital assets (e.g., land, structures and improvements, equipment and construction in progress), less any related debt and other payables used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Another significant portion of the District's net position of \$105,969,929 (39.4 percent) represents resources subject to external restrictions on their use. The remaining negative balance of *unrestricted net position* of \$76,721,822 is mainly due to the District recording of debt issuance and pension and other post employee benefits (OPEB) liabilities amongst Safety and Miscellaneous employees.

At the end of the current fiscal year, the District is able to report positive balances in all of the categories of net position except for unrestricted fund balance. The District is beginning to replenish reserve fund balance because of the increase in property taxes offset by the increase in deferred outflows of resources from pensions and OPEB liabilities.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

The District's net position increased by \$16.9 million during the 2023-24 fiscal year. This growth was primarily driven by a 54.9% increase in restricted net position for Public Protection (\$9.0 million) and a 7.43% increase in restricted net position for Lighting and Landscaping Improvements (\$3.6 million). However, these gains were offset by decreases, including a 30.6% reduction in restricted net position for Recreation and Culture (\$11.7 million), a 6.3% reduction for the Foundation (\$15,000), a 34% decline in unrestricted net position (\$30.9 million), and a slight decrease related to the solar project.

### ***Business-Type Activities***

The portion of the District's Business-Type Activities net position of \$3,935,729 (1.44%) reflects its net investment in capital assets less any related debt and other payables used to acquire those assets. The District's net position increased by \$1,018,530 (23.9%) in net investment in capital assets and 23.7% in unrestricted net position (\$257,132).

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

The table below indicates the changes in net position for governmental activities:

### Governmental Activities

#### Revenues

The District's total governmental activities revenues per the Statement of Activities were \$148,921,194 for the fiscal year ended June 30, 2024 which represents an increase of \$10.5 million or 7.6% from the prior year. Property tax revenue of \$63,544,978 comprised 43.6% of total governmental revenues of the District. Charges for services, operating and capital grants and contribution revenues are comprised primarily of parkland dedications and fees from developers that is restricted for the construction of parks and fire stations, provided 35% and 4% and 6% respectively, of the total governmental revenue of the District for the fiscal year ended June 30, 2024. The increase in property tax revenues reflects the increase in proposition 13 adjustments on existing homes combined with the increase of sales on existing and new home properties and local development. The decrease in capital grant and contribution revenue is directly related to the decrease in development impact fees, offset by the increase in intergovernmental revenues in the current fiscal year.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

### ***Expenses***

Expenses of the District totaled \$131,384,482 for the fiscal year ended June 30, 2024, which represents an increase of \$12.3 million or 10.4% from the prior year. Public protection costs represent the largest expenditure in the governmental activities of 57%, recreation and culture 33%, and general government 10% of total governmental activities expenses.

### **Business-Type Activities**

#### ***Revenues***

Revenue from business-type activities is generated from green fees, retail sales, the driving range, and golf programs at the Emerald Lakes Golf Course. The District's total business-type revenues were \$1,979,182 for the fiscal year ended June 30, 2024, which represents an increase of \$246,064 or 14% from the prior year. The increase in revenue indicates continued interest in the golf course and the programs offered to the community.

#### ***Expenses***

Business-type expenses were \$1,784,043 for the fiscal year ending June 30, 2024, representing a decrease of \$602,260 or 25% from the prior year. The decrease is largely attributed to Salaries and Benefits' decrease of \$696 thousand compared to the prior year and offset by pension and other post-employment benefit (OPEB) liabilities.

The following table shows the cost of each of the District's major programs and the net cost of the programs for the fiscal year ending June 30, 2024. Net cost is the total cost less fees and other direct revenue generated by the activities. The net cost of the public protection, recreation and culture, and general government services reflects the financial burden placed on the District's taxpayers by each program.

#### PROGRAM COSTS AND NET REVENUE (COST)

	<b>Total Cost of Services</b>	<b>Net Revenue (Cost) of services</b>
<b>Governmental Activities:</b>

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

### FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

***Governmental Funds.*** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measurement of a government's net resources available for discretionary use as they present the portion of fund balance that has not yet been limited to use for a particular purpose by either an external party, the District itself, or a group or individual that has delegated authority to assign resources for use for particular purposes by the District's Board of Directors.

As of June 30, 2024, the District's governmental funds reported a combined fund balance of \$143,167,612, a decrease of \$5,829,591 from the previous year. This decline was primarily driven by an \$8.5 million reduction in the Capital Projects Fund, reflecting the use of debt proceeds for the completion of Station 77 and ongoing construction of the CORE Recreation Center. Additionally, the General Fund balance decreased by \$6.1 million due to the District's initiative to transfer reserves into the Internal Service Fund for future asset replacement. These decreases were partially offset by a \$5.3 million increase in the Measure E Special Revenue Fund and a \$3.6 million increase in the Landscape and Lighting Special Revenue Fund. Approximately 26.8% of the combined fund balance for the current fiscal year, or \$32,120,672, is unassigned and available to address the District's current and future needs. The remaining fund balance is restricted and must be used for specific purposes aligned with the funding sources' intended uses. For instance, Landscape and Lighting (L&L) Special Revenue Fund, governed by L&L laws, are designated for maintaining and enhancing landscaping, lighting, and related amenities within assessed benefit areas. Measure E Special Revenue Funds are allocated to community-identified priorities based on public input, and Impact Fees are reserved for new construction projects that support the District's growth and development.

#### *Analysis of Individual Funds*

The General Fund is the chief operating fund of the District. On June 30, 2024, the unassigned fund balance of the general fund was \$32,082,913, while the total fund balance reached \$37,044,676. The decrease in total fund balance in the general fund was \$6.1 million. To measure the general fund's liquidity, it may be useful to compare unassigned and total fund balances to total fund expenditures. The unassigned fund balance represents 32%, while the total fund balance represents 37% of total fund expenditures on June 30, 2024.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

The Landscape & Lighting Special Revenue Fund had a total fund balance of \$52,388,457 as of June 30, 2024. These amounts are restricted for the specific purpose of the fund. The total fund balance increased by \$3,624,127 from the prior year. The increase is mainly attributable to the increase in assessment tax revenue across the twenty different zones and the increase in charges for current services.

The Measure E Special Revenue Fund reported a total fund balance of \$6,690,275 as of the current fiscal year, reflecting a significant increase of \$5.3 million compared to the prior year. This growth marks the first full year of receiving revenue from this relatively new funding source for the District. Measure E, approved by voters in November 2022, established an additional 1% transaction tax designed to generate locally controlled revenue. The funds are intended to support a wide range of community priorities, including crime reduction, rapid 911, fire, police, and medical emergency response, disaster preparedness, maintaining public safety, addressing homelessness, and fixing and maintaining parks, roads, and other public infrastructure.

The Capital Projects Fund accounts for revenues and expenses related to capital projects. As of June 30, 2024, the total fund balance of the Capital Projects Fund was \$46,662,596. This represents a \$8,447,420 or 15% decrease from the prior year, attributable to significant investments in District capital, including the construction of Fire Station 77, the CORE recreation center, and the purchase of property for future development.

As of June 30, 2024, the Non-Major Governmental Funds consisted of the Debt Service, Foundation, Grant, and CFD Funds. The fund balances for these funds were as follows: Grant Fund at \$115,248, CFD Fund at \$37,759, and Foundation Fund at \$228,601. Each fund is restricted for specific purposes—Foundation Fund for foundation activities, CFD Fund for fire protection, emergency services, and park maintenance, and Grant Fund for grant-related projects. The overall fund balance decreased by \$1,557,118, primarily due to a reduction in expenditures within the Grant Fund.

***Proprietary Fund.*** The District's proprietary fund provides the same type of information found in the business-type activities portion of the government-wide financial statement but in more detail. The Golf Enterprise Fund was established in FY 2021-22 to account for the activities at the District's Emerald Lakes Golf Course. Charges for services of \$1,945,966 represent green fees, golf-related equipment rentals, and sales of golf-related equipment, supplies, and other items. The Golf Enterprise Fund had a net gain of \$161,923.

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

### General Fund Budgetary Highlights

**Original budget compared to final budget.** For the fiscal year ending June 30, 2024, the General Fund's final budget increased by \$10,720,246 when compared to the adopted budget. The District recently revised its reserve policy based on the Government Finance Officer's Association recommendations and industry best practices. The revised reserve policy has established a minimum and maximum unassigned reserve balance threshold between 25% and 30% of the General Fund budget. In doing so, the District recognized a significant excess of reserves which were reassigned to the Internal Service Fund for future asset replacement. To facilitate this reassignment, the General Fund needs to incur an expense to transfer funds out of the General Fund and into the Internal Services Fund, resulting in a significant increase in General Fund expenditures.

**Final budget compared to actual results.** For the fiscal year ended June 30, 2024, there are no significant differences between the final budget and actual results. Revenue actualized at 105% of the final revenue budget, and expenses actualized at 94% of the expenditure budget. Revenue performance was supported by a one-time grant reimbursement for expenditures incurred in the prior fiscal year, strong interest earnings, and increased demand for facility and cell tower rentals and fire prevention services. Expenditure savings were attributed to position vacancies, unused contingencies, and administrative efforts re-directed to commence Measure E programs.

### CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital Assets.** As of June 30, 2024, the District's investment in capital assets for its governmental activities is 373,663,543, and business-type activities amount to \$6,796,325 (net of accumulative depreciation/amortization). This investment in capital assets includes land, buildings, machinery, equipment, vehicles, park facilities, land improvements, structures and improvements, equipment, and construction in progress costs for various parkland improvements and fire station construction. The total increase in capital assets for governmental activities was 40%, and business-type activities were 25% for the current fiscal year.

	2024			2023		
	Governmental	Business-Type	Total	Governmental	Business-Type	Total

# COSUMNES COMMUNITY SERVICES DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

The following provides an explanation of significant changes in capital assets for the fiscal year ended June 30, 2024:

- ◆ Construction in progress – increase is due to construction, renovation and upgrade related to Core Recreation Center, Fire Station 77, various fire facility roof repairs, Oasis preschool playground, Wackford slide replacement, and various other smaller projects.
- ◆ Structures and improvements – increase is due to the transfer of completed construction in progress projects; recreation center at Beeman park, Oasis Community Park preschool, Rotary Grove trellis improvement, Hill playground revitalization, Town Square Park playground renovation, and various other smaller projects.
- ◆ Equipment – increase is due to the purchase of vehicles, computers, and other equipment.
- ◆ Lease asset – increase is due to implementing GASB Statement No. 87 and separately reporting leased assets as required by the Statement.
- ◆ SBITA – increase is due to implementing GASB Statement No. 96 and recording subscription leases as required by the Statement.

Additional information on the District's capital assets can be found in Note 4 on page 46.

The District has construction contracts with SJ Amoroso Construction for the CORE Recreation Center project and Cervantes Landscape Services for the McConnell Park Revitalization project as of June 30, 2024. The District also has landscaping and maintenance agreements for its parks, trails and fire stations, and network systems services. The total remaining commitment at June 30, 2024 is estimated at \$15,674,383. Additional information on the District's commitments can be found in Note 11 on page 69.

**Long-term debt.** As of June 30, 2024, the District's long-term debt obligations totaled \$230,653,764. The District's debt portfolio includes the following:

- ◆ 2015 Certificates of Participation (COP): \$8,135,000 issued to refinance a portion of the unfunded actuarial accrued liability related to the District's CalPERS retirement obligations.
- ◆ 2016 COP (Fleet Maintenance Facility): \$3,235,000 issued to refinance a portion of the fleet maintenance facility.
- ◆ 2016 COP (Opterra Energy Services Project): \$5,755,000 issued for the Opterra Energy Services Project.
- ◆ 2021 COP: \$9,310,000 to finance the construction of Fire Station 77 and a solar project at the administration building.
- ◆ 2022 COP: \$31,740,000 to finance the construction of the CORE Recreation Center project.

# **COSUMNES COMMUNITY SERVICES DISTRICT**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024**

- ◆ Various Notes and Capital Leases: \$5,040,499 issued for the construction and equipping of a fire station, as well as the purchase of equipment and vehicles.

During the current fiscal year, the District's total debt increased by \$12,069,826. This increase was partially offset by decreases in compensated absences, as well as pension and retiree healthcare (OPEB) liabilities.

Additional information on the District's long-term debt can be found in Note 6 on pages 49-55.

## **ECONOMIC OUTLOOK**

The economic outlook for Galt and Elk Grove, both within the District's service area, reflects steady population growth tempered by inflation and rising interest rates. While inflation has increased the cost of living, Elk Grove's higher median income has helped residents adapt, whereas Galt's more rural character and affordability continue to attract families and retirees. The housing market remains active, with average home prices exceeding \$600,000 in Elk Grove and around \$450,000 in Galt, though rising mortgage rates have slowed demand and reduced affordability. Higher interest rates, now around approximately 7%, have increased borrowing costs, discouraging some buyers but creating opportunities for cash-ready purchasers. Looking ahead, stabilizing inflation and moderating interest rates could reignite demand, with Elk Grove benefiting from its strong economic base and Galt appealing to those seeking affordability and small-town charm. Both cities remain well-positioned for long-term growth within the District's service area.

## **REQUESTS FOR INFORMATION**

This Annual Comprehensive Financial Report is intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. If you have questions about this report or need additional financial information, contact the Cosumnes Community Services District Administrative Services Department, 8820 Elk Grove Boulevard, Elk Grove, CA 95624, or visit the District's web page at [www.CosumnesCSD.gov](http://www.CosumnesCSD.gov).

**Cosumnes Community Services District**  
**Reconciliation of the Governmental Funds Balance Sheets**  
**to the Government-wide Statement of Net Position**  
**June 30, 2024**

---

---

<b>Total Fund Balances - Total Governmental Funds</b>	\$ 143,167,612
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and are therefore not reported in the funds:	
Governmental capital assets	284,999,942
Deferred amounts related to the refunding of long-term debt are not considered to be current financial resources. Therefore, they were not reported on the Governmental Funds Balance Sheet. This amount represents the unamortized balance as of the end of the year.	662,770
Certain revenues in the governmental funds are deferred because they are not collected within the availability period. Those revenues are recognized on the accrual basis used in the government-wide statements.	6,668,004
Interest payable on long-term debt did not require current financial resources. Therefore, interest payable was not reported as a liability in the Governmental Funds Balance Sheet.	(477,554)
In the Government-Wide Financial Statements, employer contributions made subsequent to the measurement date of the pension and OPEB plans and certain other differences between actuarial assumptions and actual results for pension are deferred and applied to the net pension/OPEB liabilities or amortized over a period of time in future periods, however these items do not impact the Governmental Funds Balance Sheet:	
Deferred outflows of resources - pension plans	49,251,832
Deferred outflows of resources - OPEB plan	14,403,494
Deferred inflows of resources - pension plans	(48,264)
Deferred inflows of resources - OPEB plan	(7,255,973)
Long-term liabilities are not due and payable in the current period and are therefore not reported in the funds. Those liabilities consist of:	
Long-term debt	\$ (65,690,057)
Compensated absences	(3,564,525)
Net pension liability	(124,552,557)
Net OPEB liability	(38,953,582)
Total long-term liabilities	<u>\$ (232,760,721)</u>
Internal service funds are used by management to charge the costs of fleet management, building maintenance, information technology and risk management to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statements of net position.	<u>10,386,766</u>
<b>Net Position of Governmental Activities</b>	<u><u>\$ 268,997,908</u></u>

See accompanying Notes to Basic Financial Statements.

## Reconciliation of the Governmental Funds Statements of Revenues, Expenditures and Changes

### in Fund Balances to the Government-Wide Statement of Activities

For the year ended June 30, 2024

---

#### Net Change in Fund Balances - Total Governmental Funds

\$ (5,829,591)

Amounts reported for governmental activities in the Statement of Activities are different because:

##### CAPITAL ASSET TRANSACTIONS

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets addition is allocated over their estimated useful lives and reported as depreciation expense.

The capital outlay expenditures are added back to fund balance	24,089,680
Capital assets transferred to business-type activities are deducted	(351,247)
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources. Therefore, depreciation expense is deducted from the fund balance.	(4,704,288)

##### LONG TERM DEBT PROCEEDS AND PAYMENTS

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds.

Accrued interest calculated on bonds payable	19,709
Amortization of deferred loss on refunding	(28,816)
Amortization of original issue premiums and discounts	147,081

The repayment of the principal of long-term debt consumes the current financial resources of governmental funds. This transaction, however, has no effect on net position:

Principal payments	1,956,622
--------------------	-----------

##### ACCRAUL OF NON-CURRENT ITEMS

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

This change reflects a increase in compensated absences that occurred during the year	(434,252)
Pension Expense	(10,048,532)
Net other post-employment benefits obligation expense	3,950,780
Unavailable revenues recognized as revenue in prior year	(2,183,459)

##### ALLOCATION OF INTERNAL SERVICE FUND ACTIVITY

Internal service funds are used by management to charge the costs of fleet management, building maintenance, information technology and risk management to individual funds. The portion of the net revenue (expense) of these Internal Service Funds arising out of their transactions with governmental funds is reported with governmental activities, because they service those activities.

10,386,766

#### Change in Net Position of Governmental Activities

\$ 16,970,453

See accompanying Notes to Basic Financial Statements.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies of the District are described below.

***A. Reporting Entity***

The Elk Grove Community Services District (the District) was established under Government Code Sections 56261.1 and 56439(c) on July 1, 1985 by a reorganization resulting in the dissolution of the Elk Grove Fire Protection District and the Elk Grove Recreation and Park District. In November 2006, the District and the Galt Fire Protection District merged to become the Cosumnes Community Services District. It is governed by a five-member Board of Directors elected to four-year staggered terms. The District consists of approximately 157 square miles within the Cities of Elk Grove and Galt and unincorporated areas of South Sacramento County with a population of approximately 205,000 residents. The District develops, owns and maintains all park, recreation and fire facilities within its service area. The District and the City of Elk Grove entered into an agreement specifying the District and City will jointly develop park and recreation facilities within Laguna Ridge and Southeast Policy Area of the City, and the District will own and maintain the facilities. The fire protection services provided by the District include fire suppression, fire prevention, inspection, plan checking, and public education programs and the District provides emergency medical services, ambulance transport, advanced life support and rescue services and recreation facilities and programs. The District operates nine fire stations, one fire training facility, one golf course, nine community centers, two aquatic complexes, and over 103 parks and employs 359 full-time and over 400+ part-time employees.

The District's reporting entity includes the following blended component units:

**The Cosumnes Legacy Foundation:** The Cosumnes Legacy Foundation (the Foundation) is a non-profit organization which primarily solicits contributions to provide funding for the District to provide the District's constituents charitable services through its programs. The Foundation is a legally separate component unit reported on a blended basis as part of the primary government because its activities mainly benefit the District's constituents. No separate financial statements are issued for the Foundation.

**Elk Grove Community Services District Public Facilities Acquisition Corporation:** The Elk Grove Community Services District Public Facilities Acquisition Corporation (the Corporation) was established in March 2006 to facilitate financing of the acquisition of capital assets by the District. The Corporation's Board is comprised of the members of the District's Board of Directors. The Corporation does not have any assets or liabilities. Its activities have been blended with the appropriate District funds. No separate financial statements are issued for the Corporation.

The District has also entered into a lease financing arrangement with the California Special Districts Association Financing Corporation for the purpose of facilitating the financing of capital projects within the District. For financial reporting purposes, the District's proportionate share of debt service payments of the underlying Certificate of Participation debt is reflected in the Debt Service Fund.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Through the exercise of Joint Powers, the District is a member of the Golden State Risk Management Authority, Sacramento Regional Fire/EMS Communications Center and the Northern California Special District Insurance Authority. The District is not responsible for the liabilities of these joint powers authorities if it terminates membership. However, California Assembly Bill (AB) 1912 required member agencies of an agency established pursuant to a joint power agreement that participates in, or contracts with, a public retirement system to mutually agree as to the apportionment of the agency's retirement obligation among themselves prior to filing a notice of termination and both agencies participate in CalPERS pension plans.

The District administers three Community Facilities Districts (CFD), including CFD No. 1 (Elk Grove Fire Protection), CFD No. 2021-1 (Sheldon Farms North) and CFD No 2022-1 (Elliott Springs) formed under California Code Section 53311, the Mello-Roos Act of 1982, that are authorized to levy special taxes on properties within the CFDs and for which the District's Board of Directors serves as the governing body of the CFD. The District can impose its will on and has administrative responsibility for each of the CFDs. As a result, the CFDs are component units of the District. CFD No. 2021-1 was formed to fund the costs of fire protection, park maintenance and landscaping services for the Sheldon Farms North area. CFD 2022-1 was formed to fund the maintenance of public facilities, including street lighting, landscaping, drainage, and other basic public infrastructure, as well as to fund fire protection, paramedic services and recreational program services. The District can access the resources of each of the Community Facilities District and as a result, reports the Community Facilities District on blended basis with the District in the CFD Special Revenue Fund.

***B. Basis of Accounting and Measurement Focus***

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

**Government-Wide Financial Statements**

The District's government-wide financial statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These statements present summaries of governmental activities for the District accompanied by a total column. The government-wide financial statements are presented on an "*economic resources*" measurement focus and the accrual basis of accounting. Accordingly, all of the District's assets and liabilities, including capital assets, as well as infrastructure assets, and long-term liabilities, are included in the Statement of Net Position.

The Statement of Activities and Changes in Net Position presents changes in net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues for the District in three categories, charges for services, operating grants and contributions and capital grants and contributions.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Certain eliminations have been made for interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated. However, interfund services provided and used are not eliminated in the process of consolidation. The district eliminates due to and from other funds, advances to and from other funds, transfers in and out and interfund charges within governmental and business-type activities for reporting in the government-wide statements.

The District applies all applicable GASB pronouncements (including all NCGA Statements and Interpretations currently in effect).

*Governmental Fund Financial Statements*

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences between fund balances as presented in these statements to the net position presented in the government-wide financial statements. The District has presented all major funds that met the applicable criteria.

All governmental funds are accounted for on a "*current financial resources*" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

Revenues are recorded when received in cash, except revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the District, are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Deferred inflows for unavailable revenues arise when potential revenues do not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues arise when the government receives resources before it has a legal claim to them, such as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the government has a legal claim to the resources, the unavailable revenue or unearned revenue is removed from the Governmental Funds Balance Sheet and recognized as revenue.

The District reports the following major governmental fund types:

*The General Fund* is the District's primary operating fund. It is used to account for all activities of the general government, except those required to be accounted for in another fund.

*The Landscape and Lighting Special Revenue Fund* is used to account for the proceeds of special property taxes assessed and other revenues that are legally restricted to expenditures for landscape and lighting expenditures. The transactions of the District Wide Landscape and Lighting Assessment District are recorded by the respective zones of benefit within the Special Revenue Fund. However, the zones of benefit do not represent separate special revenue funds.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*The Measure E Special Revenue Fund* is used to account for the proceeds of Measure E sales taxes shared with the District by the City of Elk Grove under a tax sharing agreement. Two thirds of the taxes received by the District are intended to be used for fire protection services within the City of Elk Grove and one-third is intended to be used for parks and recreation services within the City of Elk Grove.

*The Capital Projects Fund* is used to account for development fees and other revenues collected for major capital improvements and equipment replacement.

Additionally, the District reports the following governmental funds:

*The Debt Service Fund* is used to account for the accumulation of resources for, and the payment of, principal and interest on long-term debt.

*The Foundation Special Revenue Fund* is used to account for revenues of the Cosumnes Legacy Foundation (the Foundation), which are legally restricted to expenditures approved by the Foundation board.

*The Grant Special Revenue Fund* is used to account for grants and related expenditures, including the American Rescue Plan Act of 2021 grant.

*The CFD Special Revenue Fund* is used to account for the activities of three Community Facilities Districts (CFDs) administered by the District for which the District's Board of Directors acts as the governing body of the CFD. The CFDs are used to account for special taxes on properties within the CFDs for fire protection, ambulance services, paramedic services, park maintenance, landscaping, and maintenance of public facilities, including street lighting, landscaping, drainage, and other basic public infrastructure as defined in the CFDs' organizational documents.

**Proprietary Fund Financial Statements**

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenditures and Changes in Fund Balances, and a Statement of Cash flows. A column representing internal service funds is also presented in these statements. However, internal service fund balances and activities are combined with the Governmental Activities in the Government-Wide Financial Statements. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal ongoing operations, which include green fees, golf cart and other golf related equipment rentals, driving range fees, food and beverage charges, and golf equipment/apparel sales. Operating expenses are costs incurred to provide these goods and services. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. All revenues and expenses not meeting the definition of operating revenues and expenses are reported as nonoperating.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The Internal Service Funds are used to account for the servicing of District's facilities maintenance, fleet replacement, information technology maintenance and risk management for District departments on a cost-reimbursement basis.

The District reports the following major proprietary fund:

*Golf Enterprise Fund* is used to account for all activities of the Emerald Lakes Golf Course that is operated by the District.

***C. Cash, Cash Equivalents and Investments***

The District pools its available cash for investment purposes. The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturity of three months or less from date of acquisition.

Highly liquid investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District does not have any investments that are measured using Level 3 inputs.

***D. Restricted Cash and Investments***

Certain resources set aside for the repayment of certificates of participation are classified as restricted cash and investments on the balance sheet because their use is limited by applicable debt covenants. In addition, developer fees have been restricted by the City of Elk Grove or County of Sacramento ordinances, or the Quimby Act for park development expenditures and the construction of fire stations. CFD special taxes are restricted for the purposes the special taxes were levied as discussed in the Reporting Entity paragraph above. Contributions to the Foundation are restricted for Foundation activities.

***E. Receivables***

Accounts receivable consist of registrations receivable, fire service charges receivable, ambulance receivables and other miscellaneous receivables. Ambulance receivables are offset with an allowance for uncollectible accounts of \$3,237,000 at June 30, 2024. The allowance is estimated using subsequent receipts.

***F. Interfund Transactions***

Interfund transactions are reflected as either loans, services provided, reimbursements, or transfers. Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Advances between funds, reported in the fund financial statements, are classified as nonspendable in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

***G. Inventory***

The District's medical supplies and pharmaceutical drugs inventory is held-for-use in the District's fire protection services programs in the General Fund. The inventory is valued using the average cost method. Obsolete inventory is written down to its net realizable value. The inventory is recorded as expenditures when consumed rather than when purchased.

***H. Prepaid items***

Payments made to vendors for services that will benefit periods beyond year-end are recorded as prepaid items using the consumption method in the governmental funds and the government-wide statement of net position. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

***I. Capital Assets***

Capital assets for governmental fund types are not capitalized in the funds used to acquire or construct them. Capital acquisitions are reflected as capital outlay expenditures in the governmental fund, and the related assets are reported in the government-wide financial statements. Capital assets owned by the District are stated at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are recorded at their acquisition value at the time received. Park improvements completed prior to the year ended June 30, 1995 were recorded at estimated historical cost developed by estimating replacement costs, which were discounted through the use of indices to acquisition dates. Land obtained from developers as donations in substitute of fees are estimated using average assessed values for similar parcels during the year these parcels are acquired. It is the District's policy to not depreciate the base of parks, which includes grading, irrigation systems and landscaping. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Structures and improvements	3 to 40 years
Equipment	5 to 15 years

It is the District's policy to capitalize all land, structures, improvements and equipment with a useful life of five years or more, except assets costing less than \$5,000. The cost of assets sold or retired (and related amounts of accumulated depreciation) are eliminated from the accounts in the year of sale or retirement. The proceeds from the sale of capital assets are included in the statement of revenues, expenditures and changes in fund balances of the related fund. The proceeds reported in the governmental fund are eliminated and the gain or loss on sale is reported in the government-wide presentation.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***J. Deferred Outflows/Inflows of Resources***

In addition to assets, the statement of net position (balance sheet) will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

***K. Compensated Absences***

Compensated absences are accrued in the government-wide financial statements when earned. A liability for compensated absences is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements and is currently payable. Each year's budget includes a provision for the estimated expenditure for the current year. Typically, the General Fund, Landscape and Lighting Special Revenue Fund, CFD Special Revenue Fund, and Golf Enterprise Fund is used to liquidate the compensated absence liability.

***L. Property Taxes***

The County of Sacramento is responsible for the collection and allocation of property taxes. Under California law, property taxes are assessed and collected by the County of Sacramento up to 1% of the full cash value of taxable property, plus other increases approved by the voters and distributed in accordance with statutory formulas. The District recognizes property taxes when the individual installments are due if they are collected within 60 days after year-end.

Secured property taxes are levied on or before the first day of September of each year. They become a lien on real property on March 1 preceding the fiscal year for which taxes are levied. These taxes are paid in two equal installments; the first is due November 1 and delinquent with penalties after December 10; the second is due February 1 and delinquent with penalties after April 10. Secured property taxes, which are delinquent and unpaid as of June 30, are declared to be tax defaulted and are subject to redemption penalties, cost, and interest when paid. If the delinquent taxes are not paid at the end of five years, the property is sold at public auction and the proceeds are used to pay the delinquent amounts due. Any excess is remitted, if claimed, to the taxpayer. Additional tax liens are created when there is a change in ownership of property or upon completion of new construction. Tax bills for these new tax liens are issued throughout the fiscal year and contain various payments and delinquent dates but are generally due within one year. If the new tax liens are lower, the taxpayer receives a tax refund rather than a tax bill. Unsecured personal property taxes are not a lien against real property. These taxes are due on March 1, and become delinquent, if unpaid on August 31.

The County uses the alternative method of property tax apportionment known as the "Teeter Plan." Under this method of property tax apportionment, the County purchases the delinquent secured taxes at June 30 of each fiscal year. These taxes are accrued as intergovernmental receivables only if they are received from the County within 60 days after year-end for the governmental funds and are accrued when earned for the government-wide presentation regardless of the timing of the related cash flows.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***M. Long-term Liabilities***

In the government-wide financial statements long-term debt and other long-term liabilities are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, incurred during the current period as expenditures. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

***N. Net Position / Fund Balance***

In the Government-Wide Financial Statements, net position is classified in the following categories:

*Net Investment in Capital Assets* - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt and other payables that are attributable to the acquisition, construction, or improvement of these assets reduce this category.

*Restricted net position* - This category presents external restrictions imposed by creditors, grantors, contributors or laws and regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net position* - This category represents the net position of the District, which are not restricted for any project or other purpose or reported as the net investment in capital assets.

The District evaluated each of its funds at June 30, 2024 and classified fund balances into the following five categories:

*Non-spendable* - includes fund balance amounts that cannot be spent because they are either (a) not expected to be converted or (b) legally or contractually required to be maintained intact.

*Restricted* - includes fund balance amounts that are subject to externally enforceable legal restrictions or constrained for a specific purpose by external parties, constitutional provisions or enabling legislation.

*Committed* - includes fund balance amount that can only be used for specific purposes pursuant to constraints imposed by the formal actions (i.e., a Resolution) of the District's Board of Directors. The District's Board of Directors must take the same action to allow for removal or change the constraint.

*Assigned* - includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. The Board of Directors approved Board Resolution 2011-72 authorizing the General Manager to assign fund balance.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Unassigned - includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The District uses restricted amounts first when expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available. The District reduces committed amounts first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amount in any of those unrestricted fund balance classifications could be used. Additional information concerning the nature of The District's fund balances pursuant to GASB Statement No. 54 is provided in NOTE 11 - Fund Balance.

***O. Pension Plans***

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to the pension plans, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General Fund and Golf Enterprise Fund are used to liquidate the pension liability.

***P. Other Postemployment Benefits (OPEB)***

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Authority's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. The General Fund and Golf Enterprise Fund are used to liquidate the OPEB liability.

***Q. Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 2-CASH AND INVESTMENTS**

At June 30, 2024, the District's pooled cash and investments are classified in the accompanying financial statements as follows:

Cash and investments	\$ 137,680,910
Restricted cash and investments	<u>13,478,971</u>
<b>Total cash and investments</b>	<b><u>\$ 151,159,881</u></b>

At June 30, 2024, cash and investments consisted of the following:

Deposits with financial institutions	\$ 28,707,250
<b>Total Cash</b>	<b><u>28,707,250</u></b>
U.S. Treasury obligations	25,454,348
U.S. Agency securities	2,306,251
Municipal bonds	189,935
Negotiable certificates of deposit	12,127,968
Commercial paper	968,326
Corporate notes	7,176,884
Money market mutual funds	8,272,554
Asset-backed securities, mortgage-backed securities and collateralized mortgage obligations	7,696,972
Investments in Local Agency Investment Fund (LAIF)	724,956
CA CLASS	57,050,493
Supranational obligations	835,190
<b>Total investments</b>	<b><u>122,803,877</u></b>
<b>Total cash and investments</b>	<b><u>\$ 151,511,127</u></b>

*Investment policy:* Investments are stated at fair value. California statutes authorize special districts to invest idle or surplus funds in a variety of credit instruments as provided for in the California Government Code, Section 53600, Chapter 4 - Financial Affairs. The table on the next page identifies the investment types that are authorized for the District by the California Government Code (or the District's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

Local government investment pools	N/A	None	None	N/A
Supranational obligations	5 Years	30%	None	AA

\*Excluding amounts held by bond trustees that are not subject to California Government code restrictions.

The District complied with the provisions of California Government Code (or the District's investment policy, where more restrictive) pertaining to the types of investments held, institutions in which deposits were made and security requirements. The District will continue to monitor compliance with applicable statutes pertaining to public deposits and investments.

*Investments Authorized by Debt Agreements:* Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The investments authorized by debt agreements are consistent with the District's investment policy with the exception of U.S. Agency securities being required to have a rating of A or higher and banker's acceptances being required to have a rating of A-1/P-1 by a nationally recognize investment rating agency.

*Interest Rate Risk:* Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer- term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. The District's investment policy does not contain any provisions limiting interest rate risk other than what is specified in the California Government Code.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 2-CASH AND INVESTMENTS (Continued)**

*Foreign Currency Risk:* There were no investments held that were exposed to foreign currency risk. The supranational obligation was issued in U.S. dollars.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity:

Investment Type	Total	Investment Maturities in Months		
		12 Months or less	13 to 24 Months	25 to 60 Months
U.S. Treasury obligations	\$ 25,454,348	\$ 4,742,752	\$ 8,746,220	\$ 11,965,376

*Credit Risk:* Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or the District's investment policy, and the actual rating as of year-end for each investment type.

	Total	Ratings as of Year End				
		AAA	A-1+ to AA-	A+ to A-1	BBB+	Not Rated
U.S. Treasury obligations	\$ 25,454,348	\$ -	\$ 25,454,348	\$ -	\$ -	\$ -

<b>Total Investments</b>	<b>\$ 122,803,877</b>	<b>\$ 14,294,571</b>	<b>\$ 29,390,411</b>	<b>\$ 8,438,131</b>	<b>\$ -</b>	<b>\$ 69,861,205</b>

*Concentration of Credit Risk:* The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There were no investments in one issuer (other than mutual funds and external investment pools) that represent 5% or more of total District investments.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 2-CASH AND INVESTMENTS (Continued)**

*Custodial Credit Risk:* Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

At June 30, 2024, the carrying amount of the District's deposits was \$28,707,250, not including negotiable certificates of deposit, and the balance in financial institutions was \$28,733,988. Of the balance in financial institutions, \$500,000 was covered by federal depository insurance the remaining amount was collateralized as required by State law (Government Code Section 53630), by the pledging financial institution with assets held in a common pool for the District and other governmental agencies, but not in the name of the District. As of June 30, 2024, District investments in the following investment types were held by the same broker-dealer (counterparty) that was used by the District to buy the securities:

Types of Investment	Total
U.S. Treasury obligations	\$ 25,454,348
U.S. Agency securities	2,306,251
Municipal bonds	189,935
Negotiable certificates of deposit	12,127,968
Commercial paper	968,326
Corporate notes	7,176,884
Money market mutual funds	8,272,554
Asset-backed and mortgage-backed securities and collateralized mortgage obligations	7,696,972
Supranational obligations	835,190
<b>Total</b>	<b>\$ 65,028,428</b>

*Investment in LAIF:* The District invests in the California Local Agency Investment Fund (LAIF), a State of California external investment pool. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State Statute. There are no limitations or restrictions on participant withdrawals. LAIF determines fair value of its investment portfolio based on market quotations for those securities where market quotations are readily available, and on amortized cost or best estimate for those securities where fair value is not readily available. Withdrawals from LAIF are on an amortized cost basis, which is different than the fair value of the investments. At June 30, 2024, these investments matured in an average of 217 days.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 2-CASH AND INVESTMENTS (Continued)**

*Investment in CA CLASS:* The District is a participant in the Prime Fund of the California Cooperative Liquid Assets Securities System (California CLASS), a joint powers authority and public agency established by its members under the provisions of Section 6509.7 of the California Government Code. Members and participants are limited to California public agencies and certain nonprofit corporations whose membership is confined to public agencies or public officials. California CLASS is governed by a Board of Trustees of eligible participants of the program. The District reports its investment in California CLASS at the fair value amount provided by California CLASS, which is the same as the value of the pool shares. The balance in the Prime Fund is available for withdrawal on demand, and is based on the accounting records maintained by California CLASS. Included in California CLASS' investment portfolio are: United States Treasury Notes, Bills, Bonds or Certificates of Indebtedness; registered state warrants or treasury notes or bonds; California local agency bonds, notes, warrants or other indebtedness; federal agency or United States government sponsored enterprise obligations; bankers acceptances; commercial paper; negotiable certificates of deposit; repurchase agreements; medium-term notes; money market mutual funds; notes, bonds or other obligation secured by a first priority security interest in securities authorized under Government Code Section 53651; and mortgage passthrough securities, collateralized mortgage obligations, and other asset – backed securities. At June 30, 2024, these investments matured in an average of 27 days.

*Investment Valuation:* Investments (except for money market accounts and certificates of deposit) are measured at fair value on a recurring basis. *Recurring* fair value measurements, are those that Governmental Accounting Standards Board (GASB) Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investment fair value measurements at June 30, 2024 are described below.

Types of Investment	Total	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
U.S. Treasury obligations	\$ 25,454,348	\$ -	\$ 25,454,348	\$ -
U.S. Agency securities	2,306,251	-	2,306,251	-
Municipal bonds	189,935	-	189,935	-
Negotiable certificates of deposit	12,127,968	-	12,127,968	-
Commercial paper	968,326	-	968,326	-
Corporate notes	7,176,884	-	7,176,884	-
Asset-backed and mortgage-backed securities and collateralized mortgage obligations	7,696,972	-	7,696,972	-
Supranational obligations	835,190	-	835,190	-
<b>Total investments subject to levelling</b>	<b>56,755,874</b>	<b>\$ -</b>	<b>\$ 56,755,874</b>	<b>\$ -</b>
<b>Investment not subject to levelling</b>				
Money market mutual funds	8,272,554			
Local Agency Investment Fund	724,956			
CA CLASS	57,050,493			
<b>Total Investments</b>	<b>\$ 122,803,877</b>			

Investments categorized as Level 2 are valued based on matrix pricing which use observable market inputs such as yield curves and market indices that are derived principally from or corroborated by observable market data by correlation to other means.

**A. Loans Payable**

Leases reported as financed purchases due to a transfer of ownership at the end of the lease were as follow as of June 30, 2024:

In March 2006, the District entered into a lease agreement in the amount of \$4,300,000 to acquire and improve 97 acres of land for Dillard Ranch Park site. The lease agreement provides for 80 quarterly payments of \$68,620 through March 30, 2026. Payments include interest at 1.67%.

On September 1, 2019, the District entered into a lease agreement in the amount of \$1,560,000 for Fire Station 72. The lease agreement provides for 40 semi-annual payments. The interest is computed at the rate of 3.09% per annum. The default rate is 5%.

On May 14, 2021, the District entered into a lease agreement in the amount of \$1,407,306 for the purchase of two new Fire Engines. The lease agreement provides for 12 annual payments of \$135,456, from May 14, 2022.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 6-LONG-TERM DEBT (Continued)**

On February 11, 2022, the District entered into a lease agreement in the amount of \$1,560,516 for the purchase of a new Ladder Truck. The lease agreement provides for 12 annual payments of \$150,019, from February 11, 2023.

In July 2006, the District entered into a lease agreement in the amount of \$5,200,000 to fund the purchase of Emerald Lakes Golf Course, which is recorded as land in the amount of \$5,009,532. The lease agreement provides for 28 quarterly payments of \$85,062 through July 2013, with the payments being reset on that date and paid through July 21, 2026. Payments include interest at 2.35%.

On December 8, 2016, the District entered into a lease agreement in the amount of \$13,469 for a Toro Workman Mower. The lease agreement provides for 48 monthly payments of \$315 from January 18, 2017.

***B. Certificates of Participation***

Certificates of Participation consisted of the following at June 30, 2024:

*Certificates of Participation – 2015 Refinancing Project (Direct Placement)* - Issued July 2015 for the refinancing of a portion of the unfunded actuarial accrued liability with respect to the obligation of the District to make certain payments to the California Public Employees' Retirement System for both active and retired Safety employees and Miscellaneous employees of the District. The Certificates are payable from lease payments on certain District real property and improvements made to the Public Property Financing Corporation of California (Corporation). Upon default, the lease may be terminated by the Corporation and the property re-leased to other parties. Interest on the certificates is payable on December 15 and June 15 of each year, with interest rates ranging from 3.0% to 5.5%. Principal payments ranging from \$45,000 to \$895,000 are due each June 15 to June 15, 2040.

*Certificates of Participation - 2016 Refinancing Project (Direct Placement)* - In July 2016, the District issued certificates of participation in a par amount of \$8,115,000 for the purpose of refunding at lower interest rates the outstanding balances of obligations under (i) a Master Land, Building and Equipment Lease Purchase Agreement, dated as of July 1, 2000, with Municipal Services Group, Inc. ("MSG"), pursuant to which MSG financed and leased a new Fire Station 76 and the site thereof, (ii) a Municipal Project Lease and Option Agreement, dated September 4, 2008, with Community Services District Building Corporation ("CSDBC"), pursuant to which CSDBC financed and leased a new fleet maintenance building and the site thereof, and (iii) a Lease Agreement, dated October 20, 2010, with Municipal Finance Corporation ("MFC"), pursuant to which MFC refinanced and leased new Fire Stations 73 and 75 and the sites thereof, (b) purchase a reserve fund municipal bond insurance policy in lieu of cash funding a reserve fund for the Certificates, and (c) pay delivery costs incurred in connection with the execution, delivery and sale of the Certificates. The Certificates are payable from lease payments on certain District real property and improvements made to the MSG, CSDBC and MFC. Upon default, the lease may be terminated by these entities and the property re- leased to other parties. Interest on the Certificates is payable at 2.00% to 4.00% on March 1 and September 1. Principal payments of \$380,000 to \$885,000 are due each September 1 through September 1, 2028.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 6-LONG-TERM DEBT (Continued)**

*Certificates of Participation - 2016 Energy Projects, Series A,B,C (Direct Placement)* - In September 2016, the District issued \$5,450,000 Certificates of Participation, Series A (2016 Energy Projects-Direct Pay Subsidy New Clean Renewable Energy Bonds (CREBS)-Taxable) (the "Series A Certificates") to provide funds to (a) finance the costs of a clean renewable energy project consisting of solar photovoltaic energy systems, (b) purchase a municipal bond insurance policy for the Series A Certificates and pay a portion of the cost of purchasing a reserve fund insurance policy in lieu of cash funding a reserve fund for the Certificates (hereinafter defined), and (c) pay a portion of the delivery costs incurred in connection with the execution, delivery and sale of the Series A Certificates. Interest on the certificates is payable on March 1 and September 1 of each year, with interest rates ranging from 2.625% to 4.0%. Principal payments ranging from \$75,000 to \$355,000 are due each September 1 from September 1, 2025 to September 1, 2046.

The \$135,000 Certificates of Participation, Series B (2016 Energy Projects-Taxable) (the "Series B Certificates"), are issued to provide funds to (a) purchase a municipal bond insurance policy for the Series B Certificates and pay a portion of the cost of purchasing a reserve fund insurance policy in lieu of cash funding a reserve fund for the Certificates, and (b) pay a portion of the delivery costs incurred in connection with the execution, delivery and sale of the Certificates. The Certificates were paid off September 1, 2017.

The \$1,260,000 Certificates of Participation, Series C (2016 Energy Projects-Tax-Exempt) (the "Series C Certificates" and, with the Series A Certificates and the Series B Certificates, the "Certificates"), are issued to provide funds to (a) finance the costs of energy efficiency projects, (b) purchase a municipal bond insurance policy for the Series C Certificates and pay a portion of the cost of purchasing a reserve fund insurance policy in lieu of cash funding a reserve fund for the Certificates, and (c) pay a portion of the delivery costs incurred in connection with the execution, delivery and sale of the Certificates. Interest on the certificates is payable on March 1 and September 1 of each year, with interest rates ranging from 2.0% to 4.0%. Principal payments ranging from \$125,000 to \$180,000 are due each September 1 from September 1, 2018 to September 1, 2025.

The Certificates are payable from lease payments on certain District real property and improvements made to the Public Property Financing Corporation of California (Corporation). Upon default, the lease may be terminated by the Corporation and the property re-leased to other parties.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 6-LONG-TERM DEBT (Continued)**

*2021 Lease Revenue Certificates of Participation (Direct Placement)* - On September 29, 2021, the District issued the \$9,680,00 2021 Lease Revenue Certificates of Participation to (i) finance a portion of the cost of construction of a new fire station (Fire Station 77) (ii) finance energy efficiency improvements to be located at the District's Administration Building, and (iii) pay the costs of issuing the Certificates. Fire Station 77 is designed to provide increased emergency response services to the southern portion of the City of Elk Grove, particularly the Poppy Ridge area. The aggregate cost of the Fire Station 77 project is estimated at approximately \$12.4 million, of which approximately \$8.0 million is anticipated to be financed with the proceeds of the Certificates, and the remaining amount has been or will be funded by the District from amounts on hand (including from fire impact fees). In addition, capital equipment will be purchased by the District for Fire Station 77, including furniture and fixtures, a new structural firefighting engine, wildland firefighting engine and a medic unit (ALS ambulance). The energy efficiency improvements consist of solar photovoltaic (PV) and related parking lot improvements. The total cost of the improvements is estimated at approximately \$2.0 million, all of which is anticipated to be financed with the proceeds of the Certificates. The Certificates are payable from lease payments on certain District real property and improvements made to the Corporation. Upon default, the lease may be terminated by these entities and the property released to other parties. Interest on the Certificates is payable at 2.375% to 4.00% on May 1 and November 1 from May 1, 2022 through November 1, 2051 and principal payments of \$180,000 to \$480,000 are due on November 1 from November 1, 2022 through November 1, 2051.

*2022 Lease Revenue Certificates of Participation (Direct Placement)* - On April 13, 2022, the District issued the \$31,740,000 2022 Lease Revenue Certificates of Participation for the purpose of the acquisition of certain real property for a future park and recreation site and a portion of the cost of construction of improvements to District facilities, including the construction of a new recreation center at Morse Community Park (the Core Recreation Center). Approximately \$5,000,000 of proceeds of the Certificates were used for the land acquisition. The remaining amount will be spent of the improvement to District facilities. The Core Recreation Center is planned to be two-stories consisting of approximately 54,000 square feet located on approximately 3 acres of undeveloped land within Morse Community Park. The Certificates are payable from lease payments on certain District real property and improvements made to the Corporation. Upon default, the lease may be terminated by these entities and the property released to other parties. Interest on the Certificates is payable at 4.00% to 5.00% on June 30 and December 30 from December 30, 2022 through December 30, 2022 through December 30, 2052. Principal payments of \$590,000 to \$1,955,000 are due through December 30 from December 30, 2025 through December 30, 2052.

**C. Leases**

The District's leases, all of which were direct borrowings, were as follows as of June 30, 2024:

On May 1, 2019, the District entered into a lease agreement in the amount of \$17,658 for a Coltronics C658 Copier. The lease agreement provides for 48 monthly payments of \$348 from May 1, 2019. Interest is computed at a rate of 6.85%.

On September 15, 2019, the District entered into five lease agreements in the amount of \$118,414 for seven copiers. The lease agreement provides for 60 monthly payments of \$4,733. The interest is computed at a rate of 8.3%. The agreement has a late charge of 10% on past due amounts and a default rate of 12%.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 6-LONG-TERM DEBT (Continued)**

On March 11, 2020, the District entered into a lease agreement in the amount of \$107,226, for the purchase of 30 new golf carts. The lease agreement provides for 48 monthly payments of \$2,489 from March 2020. The agreement has a late charge of 10% on past due amounts and a default interest rate of 18% or the maximum allowed by law.

The leases above are secured by the related assets. Upon default, the lessors may generally repossess the related assets. Any late fees or default interest rates are disclosed with the related lease below.

***D. Subscription Based Information Technology Arrangements (SBITA)***

The District entered into six SBITA contracts for productivity and registration software. The District is required to make yearly payments ranging from \$2,400 to \$72,500 through April 30, 2029.

The subscription agreements were discounted using rates between 2.33% and 3.33%. Each subscription has five one-year options to renew the subscription. The discount rates were based on the estimated incremental borrowing rate of the District at the SBITA commencement dates. Subscription asset cost was \$1,291,921 and \$29,273 and accumulated amortization was \$93,047 and \$3,286 for the governmental activities and business-type activities, respectively, as of June 30, 2024.

***E. Future Debt Service Payments***

The annual debt service requirements to maturity for governmental-activities long-term liabilities at June 30, 2024, were as follows:

Fiscal Year	Loans Payable			Certificates of Participation			Lease Liability		
	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 7-COMPENSATED ABSENCES**

District employees are granted annual leave in varying amounts based on classification and length of service. Maximum annual leave hours eligible for carry forward to future years is limited to two times the employee's prior year accrual rate of annual leave, which ranges from 160 hours to 444 hours.

Sick leave is earned by regular, full-time employees. Any sick leave hours not used during the period are carried forward to future years, with no limit as to the number of hours that can be accumulated. Any sick leave hours unused at the time of an employee's retirement are added to the actual period of service when computing retirement benefits. It is the policy of the District not to buy back any accumulated sick leave and it is not payable at separation. Accordingly, no liability for sick leave has been included in the financial statements.

**NOTE 8-PENSION PLANS**

**DEFINED BENEFIT PLANS**

***A. General Information about the Pension Plans***

**Plan Description** - All qualified permanent and probationary employees are eligible to participate in the District's separate Safety (fire) and Miscellaneous (all other employees) agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

**Benefits Provided** - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor 7 Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 8-PENSION PLANS (Continued)**

The Plans' provisions and benefits in effect at June 30, 2024, are summarized as follows:

	<b>Miscellaneous Rate Plan</b>	<b>Miscellaneous Second Tier Rate Plan</b>	<b>Miscellaneous Third Tier Rate Plan</b>	<b>PEPRA Miscellaneous Rate Plan</b>	<b>Safety Rate Plan</b>	<b>PEPRA Safety Rate Plan</b>
Hire date	Prior to October 1, 1998	October 1, 1998 to December 1, 2021	December 1, 2011 to December 31, 2012	On or after January 1, 2013	Prior to January 1, 2013	On or after January 1, 2013
Benefit formula (at full retirement)	2.5% at 55	2.5% at 55	2.0% at 55	2.0% at 62	3.0% at 50	2.7% at 57
Benefit vesting schedule	5 years service	5 years service	5 years service	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life	monthly for life	monthly for life	monthly for life
Final average compensation period	one year	one year	three year	three year	one year	three year
Retirement age	50-55	50-55	50-63	52-67	50-55	50-57
Monthly benefits, as a % of compensation	1.426% to 2.418%	1.426% to 2.418%	2.0% to 2.5%	1.0% to 2.5%	3.00%	2.00% to 2.70%
Requires employee contribution rates	8.00%	8.00%	7.00%	7.75%	9.00%	11.50%
Requires employer contribution rates	9.100%	9.100%	9.100%	9.100%	17.130%	17.130%

On January 1, 2013, the Public Employee Pension Reform Act (PEPRA) closed all rate plans except the PEPRA rate plans to new participants that were not CalPERS members as of this date.

**Employees Covered** - As of the measurement date, the following employees were covered by the benefit terms for each Plan:

	<b>Miscellaneous</b>	<b>Safety</b>
Inactive employees or beneficiaries currently receiving benefits	104	123
Inactive employees entitled to but not yet receiving benefits	565	53
Active employees	191	186
<b>Total</b>	<b>860</b>	<b>362</b>

**Contributions** - Section 20814(C) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees as described in the plan provisions tables above.

**B. Net Pension Liability**

The District's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2023, using an annual actuarial valuation as of June 30, 2022, rolled forward to June 30, 2023 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown on the following page.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 8-PENSION PLANS (Continued)**

*Actuarial Assumptions* - The total pension liabilities at June 30, 2024 were determined using the following actuarial assumptions:

	Miscellaneous	Safety
Valuation Date	June 30, 2022	June 30, 2022
Measurement Date	June 30, 2023	June 30, 2023
Actuarial Cost Method		Entry-Age Normal Cost Method
Actuarial Assumptions:		
Discount Rate	6.90%	6.90%
Inflation	2.50%	2.50%
Payroll growth	2.75%	2.75%
Projected salary increases		Varies by entry age and service
Investment rate of return (1)	7.00%	7.00%
Mortality		Derived using CalPERS' membership data
Post retirement benefit increase		Protection allowance floor on purchasing power applies, 2.30% thereafter

(1) Net of pension plan investment and administrative expenses; includes inflation.

The mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP 2020 published by the Society of Actuaries. The demographic assumptions and the inflation rate assumption were according to the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. Further details of the Experience Study can be found on the CalPERS website under forms and publications ([www.calpers.ca.gov](http://www.calpers.ca.gov)).

**Discount Rate** - The discount rate used to measure the total pension liability was 6.90% for each Plan at June 30, 2024, which declined from 7.15% at June 30, 2022. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current discount rate is adequate, and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 8-PENSION PLANS (Continued)**

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	Strategic Allocation	Real Return (a,b)
Global equity - cap weighted	30.00%	4.54%
Global equity non-cap weighted	12.00%	3.84%
Private equity	13.00%	7.28%
Treasury	5.00%	27.00%
Mortgage-backed securities	5.00%	50.00%
Investment grade corporates	10.00%	1.56%
High yield	5.00%	2.27%
Emerging market debt	5.00%	2.48%
Private debt	5.00%	3.57%
Real assets	15.00%	3.21%
Leverage	-5.00%	-0.59%
<b>Total</b>	<b>100.00%</b>	

(a) AN expected inflation of 2.30% used for this period.

(b) Figures are based on the 2021-22 Asset Liability Management Study

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 8-PENSION PLANS (Continued)**

**C. Sensitivity of the Net Pension Liability to Changes in the Discount Rate** - The following presents the net pension liability of the District for each Plan, calculated using the discount rate for each Plan, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous	Safety	Total
1% Decrease	5.90%	5.90%	5.90%
Net Pension Liability	\$ 36,527,897	\$ 145,571,259	\$ 182,099,156
Current Discount Rate	6.90%	6.90%	6.90%
Net Pension Liability	\$ 23,799,582	\$ 101,778,737	\$ 125,578,319
1% Increase	7.90%	7.90%	7.90%
Net Pension Liability	\$ 13,530,776	\$ 66,055,397	\$ 79,586,173

**D. Pension Plan Fiduciary Net Position** - Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

**E. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions**

For the year ended June 30, 2024, the District recognized pension expense of \$23,774,639 (\$5,756,328 for the Miscellaneous Plan and \$18,018,311 for the Safety Plan). At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous		Safety		Total	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 3,100,891	\$ -	\$ 10,514,821	\$ -	\$ 13,615,712	\$ -

Changes in assumptions	940,487	-	8,343,893	(48,264)	9,284,380	(48,264)
Net differences between projected and actual earning on plan investments	2,561,591	-	-	-	2,561,591	-
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
Total	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
	\$ 7,633,887	\$ -	\$ 41,946,966	\$ (48,264)	\$ 49,580,853	\$ (48,264)

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 8-PENSION PLANS (Continued)**

The amount reported as deferred outflows of resources related to contributions subsequent to the measurement date above will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year Ending June 30:	Miscellaneous	Safety	Total
2024	\$ 2,095,557	\$ 6,556,983	\$ 8,652,540
2025	641,907	5,901,061	6,542,968
2026	1,718,859	10,064,975	11,783,834
2027	76,673	4,160,355	4,237,028
2028	-	3,482,734	3,482,734
Thereafter	-	1,217,773	1,217,773
	<b>\$ 4,532,996</b>	<b>\$ 31,383,881</b>	<b>\$ 35,916,877</b>

**F. Payables to Pension Plans**

As of June 30, 2024, the District reported payables to the Plans of \$247,070.

**DEFINED CONTRIBUTION PLAN AND DEFERRED COMPENSATION PLAN**

**G. Defined Contribution Retirement Plan** - Beginning April 2021, the District began to offer the Cosumnes Community Services District Governmental 401(a) Plan (Plan), a single employer defined contribution pension plan, to strategic management team employees. Employees are eligible to participate in the Plan on their date of hire. The District is required to make contributions to the Plan equal to 5% of certain strategic management team employees' monthly base salaries and is allowed to make discretionary contributions to the Plan for other strategic management team employees as defined in their employment agreements. Contributions may be deposited in the District's Cosumnes Community Services District 457(b) Governmental Plan (457 Plan) at the employee's direction. Employees are fully vested in the District's contributions immediately. Employees do not contribute to the Plan. During the year ended June 30, 2024, the District's contributions to the Plan were \$50,518.

**H. Deferred Compensation Plan** - The District offers a deferred compensation plan under Internal Revenue Code Section 457 (457 Plan) to all employees, with the exception of part-time seasonal/extra help employees as defined in the District's policies. The District is required to make matching contributions to the 457 Plan for certain participants up to the contribution limit in the Internal Revenue Code under the participants' employment agreements. All eligible participants may make voluntary pre-tax or Roth payroll deferrals to the 457 Plan up to the maximum contribution allowed under the Internal Revenue Code or 100% of W-2 wages, whichever is less. The District is required to contribute a flat monthly amount of \$50 and a match of up to \$25 per month to the 457 Plan for CalPERS PEPRA employees and miscellaneous (non-safety) employees hired after January 1, 2013. Employees individually direct the investment of their accounts from an assortment of available investment options. Employees are fully vested in their contributions as well as the District's discretionary or required matching contributions immediately after the contributions are made. For the year ended June 30, 2024, the District made total contributions of \$179,100 to the 457 Plan.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 9-OTHER POSTEMPLOYMENT BENEFITS**

***A. Plan Description***

The District provides an agent defined benefit agent multiple-employer OPEB plan (Plan) to all eligible safety and miscellaneous employees. The District agent participates in the CalPERS healthcare programs Public Employees Medical and Hospital Care Act (PEHMCA), providing lifetime medical benefits to District full-time employees who retire at age 50 or older with 5 or more years of service, spouses and surviving spouses of eligible retirees as described below. Retires may enroll in any available CalPERS medical plan. The California Government Code grants the Board of Directors the authority to provide OPEB benefits, subject to Memorandums of Understanding with employee groups. Plan assets are maintained in the CalPERS California Employers' Retiree Benefits Trust Fund (CERBT), which is a Section 115 trust fund administered by CalPERS. CERBT is included in the CalPERS publicly available financial statements that may be obtained at [www.calpers.ca.gov](http://www.calpers.ca.gov) under Forms and Publications.

**Benefits Provided:** The District contributes to the Plan for all full-time employees meeting eligibility requirements. The District contributions for all employee groups is based on premiums for the lesser of either Kaiser (KN) or Blue Shield Access + HMO premiums in the Sacramento Region less the retiree contribution rates below and subject to the vesting percentages described below, if applicable:

<b>Employee Group</b>	<b>Eligibility</b>	<b>Tier 1</b>	<b>Eligibility</b>	<b>Tier 2</b>	<b>Eligibility</b>	<b>Tier 3</b>	<b>Eligibility</b>	<b>Tier 4</b>	<b>EE Required Contributions</b>
Safety - Local 522	Retired Before 1/1/15	\$0 EE Only/\$1 5+1 or more	Retired After 12/31/14	\$85 EE only, \$175 for +1, \$225 for family. \$525 at Medicare age	N/A	N/A	N/A	N/A	3% of salary
Safety - Management Employee Organization (MEO)	Retired Before 7/1/17	\$0 EE Only/\$1 5+1 or more	Retired After 6/30/17	Full Family Same as actives. \$525 at Medicare age	N/A	N/A	N/A	N/A	3% of salary
Miscellaneous Teamsters	Hired Before 1/1/17	\$0 EE Only/\$1 5+1 or more	Hire Before 1/1/17	District pays 90% EE and +1. Same as actives	Hire Before 1/1/17	District pays 90% EE and +1. Same as actives. \$500 at Medicare age	Hired on or after 1/1/17	Minimum CalPERS Employer Contribution	4% of salary
	Age 50+ or 20+ yrs. w/Dist. As of 1/1/15		Age 40-49 as of 1/1/15		Under 40 as of 1/1/15				
Miscellaneous Unrepresented	Hired Before 3/1/17	\$0 EE Only/\$1 5+1 or more			Hired Before 3/1/17	EE or EE+1. Same as actives. \$500 at Medicare age	Hired Before 3/1/17	Minimum CalPERS Employer Contribution	2% of salary
	Age 50+ or 20+ yrs. w/Dist. As of 1/1/15		Age 40-49 or 10 yrs, w/Dist. As of 1/1/15		Under 40 as of 1/1/15				

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 9-OTHER POSTEMPLOYMENT BENEFITS (Continued)**

Employees hired on or after July 1, 2010 receive the applicable percentage of benefits based on the retiree's years of CalPERS credited service, provided that at least 5 of those years represent service with the District. The applicable percentage is 50% after ten years of service, which increases an additional 5% for each additional year of service until the applicable percentage is 100% at 20+ years of service.

The contribution rates for active employees referenced above are 100% of the applicable monthly rate less \$85 to \$225 for the Safety - Local 522 and MEO groups, 90% of the applicable monthly rate for the teamsters group and 100% of the applicable monthly rate less \$61.84 to \$158.00 for unrepresented employees, based on the number of participants covered.

***B. Employees Covered***

Inactive employees or beneficiaries currently receiving benefit payme	159
Active employees	<u>418</u>
Total	<u><u>577</u></u>

***C. Contributions***

The Board of Directors has the authority to establish and amend the contribution requirements of the District and employees, subject to the District's memorandums of understanding with employee bargaining units. The District pre-funds the Plan through CERBT by contributing the District's actuarially determined contribution every year. For the year ended June 30, 2024, the District contributions equaled \$8,068,121, including \$2,676,650 in benefit payments, a \$4,616,195 deposit to CERBT, and implied subsidy payments of \$775,276.

***D. Net OPEB Liability***

The District's net OPEB liability was based on the following actuarial methods and assumptions:

Valuation Date	June 30, 2023
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	6.25%
Inflation	2.50%
Contribution Policy	Contributes full ADC
Salary Increases	Varies by Entry Age and Service
Investment Rate of Return	6.25%
Mortality	Pub-2010 General and Safety
Post Retirement Benefit Increases	CalPERS 2021 Experience Study
Healthcare Trend	7.6% for 2024
	decreasing to 3.9% in 2076 and later years

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 9-OTHER POSTEMPLOYMENT BENEFITS (Continued)**

Mortality was from Pub-2010 Employee and Retiree mortality tables projected with generational mortality improvement using 80% of scale MP-2020. Disability was from the December 2021 CalPERS Experience Study.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the table below:

Asset Class	Target Allocation	Expected Real Rate of Return
Public Equity	49.20%	8.00%
Fixed Income	22.70%	0.40%
TIPS	4.90%	2.50%
REITs	3.00%	0.80%
Commodities	20.10%	2.70%
Cash Equivalents	0.10%	0.00%
Total	<u>100.00%</u>	

***E. Discount Rate***

The discount rate used to measure the total OPEB liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 9-OTHER POSTEMPLOYMENT BENEFITS (Continued)**

***F. Changes in the Net OPEB Liability***

The changes in the net OPEB liability for the OPEB Plan were as follows:

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a)-(b)
	\$ 64,466,474	\$ 23,644,241	\$ 40,822,233
Balance at June 30, 2023			
Changes Recognized for the Measurement Period:			
Service cost	2,032,692	-	2,032,692
Interest on the total OPEB liability	3,894,364	-	3,894,364
Differences between actual and expected experience	1,863,908	-	1,863,908
Changes of assumptions	(361,983)	-	(361,983)
Changes of benefit terms	(326,840)	-	(326,840)
Contribution- employer	-	5,583,795	(5,583,795)
Contribution - employee	-	1,125,645	(1,125,645)
Net investment income	-	1,595,232	(1,595,232)
Administrative expense	-	(7,543)	7,543
Benefit payments, including refunds of employee	(3,186,190)	(3,186,190)	-
Net changes	3,915,951	5,110,939	(1,194,988)
Balance at June 30, 2024 (Measurement Date June 30, 2024)	<u>\$ 68,382,425</u>	<u>\$ 28,755,180</u>	<u>\$ 39,627,245</u>

***G. Sensitivity of the Net OPEB Liability to Changes in the Discount Rate***

The following presents the net OPEB liability of the District if it were calculated using a discount rate that is one percentage point lower or higher than the current rate:

	Current		
	1% Decrease (5.25%)	Discount (6.25%)	1% Increase (7.25%)
	\$ 47,252,667	\$ 39,627,245	\$ 33,135,656
Net OPEB Liability			

***H. Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates***

The following presents the net OPEB liability of the District if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate:

	Current Healthcare		
	1% Decrease	Trend Rate	1% Increase
	\$ 32,794,125	\$ 39,627,245	\$ 47,998,428
Net OPEB Liability			

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 9-OTHER POSTEMPLOYMENT BENEFITS (Continued)**

***I. Recognition of Deferred Outflow and Deferred Inflows of Resources***

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. Deferred outflows and inflows related to the net difference between projected and actual earnings on plan investments is amortized over 5 years. All other amounts are amortized over the average remaining service lives of participants.

***J. OPEB Expense and Deferred Outflows/(Inflows) of Resources Related to OPEB***

For the fiscal year ended June 30, 2024, the District recognized OPEB expense of \$3,950,780. For the fiscal year ended June 30, 2024, the District reported deferred outflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected experience	\$ 2,794,740	\$ (5,460,541)
OPEB contributions subsequent to measurement date	8,068,121	-
Changes in Assumptions	2,182,603	(1,920,917)
Net differences between projected and actual earnings on plan investments	<u>1,607,123</u>	<u>-</u>
<b>Total</b>	<b><u>\$ 14,652,587</u></b>	<b><u>\$ (7,381,458)</u></b>

The \$8,068,121 reported as deferred outflows of resources related to contributions subsequent to the measurement data will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources related to OPEB will be recognized as expense as follows:

Year Ended June 30	Annual Amortization
2025	\$ (13,250)
2026	(102,501)
2027	677,180
2028	(375,003)
2028	(431,941)
Thereafter	<u>(551,477)</u>
<b>Total</b>	<b><u>\$ (796,992)</u></b>

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 10-RISK MANAGEMENT**

The District participates in the Northern California Special Districts Insurance Authority (NCSDIA), a public entity risk pool of special districts within Northern California, for workers compensation insurance. Loss contingency reserves established by NCSDIA are funded by contributions from member agencies. The District pays an annual premium to NCSDIA that includes its pro-rata share of excess insurance premiums, charges for the pooled risk, claims adjusting and legal costs, and administrative and other costs to operate the NCSDIA. NCSDIA retains the ability to assess its members' amounts in addition to annual premiums. NCSDIA has never made an additional assessment and is currently fully funded. No provision has been made on these financial statements for liabilities related to possible additional assessments.

The District also participates in the Golden State Risk Management Authority (GSRMA), a joint powers agency comprised of California special districts, for general, property, automobile, and public officials' errors and omissions. Loss contingency reserves established by the GSRMA are funded by contributions from member agencies. The District pays an annual contribution to the GSRMA that includes its pro-rata share of excess insurance premiums, charges for pooled risk, claims adjusting and legal costs, and administrative and other costs to operate the GSRMA. GSRMA provides insurance through the pool up to a certain level, beyond which group purchased commercial excess insurance is obtained.

The District's self-insured retention level and maximum coverage under the NCSDIA and GSRMA are as follows:

	Pool Coverage	Commercial Coverage	Self-Insured Retention
<b>NCSDIA</b>			
Workers compensation and employers liability	\$ 400,000	\$ 50,000,000	\$ 0-400,000
<b>GSRMA</b>			
General liability	350,000	1,000,000	0-350,000
Automobile liability	350,000	1,000,000	0-350,000
Crime (includes employee theft, forgery, theft, computer and funds transfer fraud)	25,000	10,000,000	2,500-25,000
Property (includes boiler and machinery and terrorism)	5,000	25,000,000	1,000-5,000
Property - auto physical damage	10,000	25,000,000	250-10,000
Property - flood	-	25,000,000	25,000

The coverage above includes a reduction in coverage on property, personal injury and automobile and high dollar vehicles from \$1 billion and a reduction of boiler and machinery from \$100 million to the amounts in the table above. Claims have not exceeded insurance limits in the past three fiscal years.

Unassigned fund balance of \$32,082,913 was designated as a cash flow reserve at June 30, 2024.

**NOTE 12-COMMITMENTS AND CONTINGENCIES**

The District had the following contract commitments as of June 30, 2024:

<b>Project</b>	<b>Project Appropriation</b>	<b>Expenditures to June 30, 2024</b>	<b>Remaining Commitment</b>
CORE Recreation Center	\$ 29,354,000.00	\$ 13,891,866.45	\$ 15,462,133.55
McConnell Park Phase II	\$ 212,250.00	\$ -	\$ 212,250.00

Construction contracts may increase by 7% to 10% for contingencies as approved by the Board. The District is a party to claims and lawsuits arising in the ordinary course of business. The District's management and legal counsel are of the opinion that the ultimate liability, if any, arising from these claims will not have a material adverse impact on the financial position of the District.

The District is a party to claims and lawsuits arising in the ordinary course of business. The District's management and legal counsel are of the opinion that the ultimate liability, if any, arising from these claims will not have a material adverse impact on the financial position of the District.

**COSUMNES COMMUNITY SERVICES DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
For the Year Ended June 30, 2024**

**NOTE 12-COMMITMENTS AND CONTINGENCIES (Continued)**

On October 11, 2017, the District signed a Management and Operational Agreement with the City of Elk Grove to operate the City's Aquatic Center for five years with a five-year mutual option to extend the agreement, including operating and maintaining the facilities, running all programs, taking all registrations, maintaining all indoor and outdoor spaces, purchasing all furniture, fixtures and equipment, providing staff to run the Aquatic Center and identifying and making all necessary repairs. The City reimburses the District for any expenses that exceed the net revenues earned by the Aquatic Center, including a 15% District management fee. The City retains ownership of all facilities, furniture, fixtures and equipment. The District recognized revenue of approximately \$617,000 under the agreement during the year ended June 30, 2024.

In October of 2019, the District and City of Elk Grove entered into a Memorandum Understanding (MOU) concerning Landscape, Trails, and Parks Maintenance. The MOU will remain in effect until terminated by either party. Under the MOU, the District is responsible for management, inspection, maintenance and repairs of City owned trails, parks, sidewalk, curbs, gutters, irrigations systems, streetscapes and medians, planters, shrubs, vines and trees, structures, signs and other amenities. Reimbursements of District incurred materials, equipment, independent contractor costs, staff costs, administrative and overhead costs for the services provided under the MOU are according to City approved budgets prepared by the District. The City reimbursed the District approximately \$2,411,000 under the MOU during the year ended June 30, 2024.

The District has an agreement with the Wilton Rancheria (Rancheria) that owns the Sky River Casino in Elk Grove that requires the Rancheria to pay a community benefit contribution beginning at \$887,500 per year, paid on a quarterly basis, plus a 2% increase each year for the District's equipment, facility and equipment costs. The agreement will be reevaluated by the parties if the Rancheria expands its facility.

**NOTE 13-SUBSEQUENT EVENTS**

On July 16, 2024 the District agreed to a litigation settlement with Odyssey Landscaping, Inc. This resulted in a \$345,000 payout to the vendor. The expenses was accrued to Fiscal Year 2023-2024.

On July 17, 2024, the Board approved the Classification and Compensation Study for Non-Represented employees. This includes the reclassification of 16 positions, the creation of eight new classifications, and the introduction of longevity pay: \$100 for 10 years of service and \$200 for 15 years of service. The recommendations also include retroactive pay dating back to April 1, 2024.

On August 21, 2024, the Board approved a three-year agreement with Local 522, which includes several key changes to employee compensation and benefits. Members will receive a total salary increase of 15% over the contract term, with increases of 4% in 2024, 5% in 2025, and 6% in 2026. Fire Mechanics will see enhanced benefits, including higher longevity pay, uniform allowance, and education incentives. The Medical Transport Unit Premium (MTUP) will increase to \$2.25 per hour, and Rescue Technician Certification incentives will no longer be capped. Uniform allowances for safety members will increase, and out-of-class pay rates will be increase. The agreement also continues shared medical premium increases and raises stipends for those opting out of medical coverage, as well as retiree reimbursements. Additionally, Step 1 of the firefighter salary schedule will be eliminated in 2025.

**For the Year Ended June 30, 2024**

**NOTE 13-SUBSEQUENT EVENTS (Continued)**

On October 2, the Board approved the General Fund reserve reassessments as depicted in the table below. The applicable general fund transactions to facilitate these reassessments were accrued to Fiscal Year 2023-2024.

**General Fund Reserve Assignments:**

Future Fire Academy	\$ 750,000
Salary & Wages Risk Mitigation	1,000,000
Fiscal Year 2023-24 Financial Audit Contingency	1,000,000
Supplemental OPEB Liability Payment	1,559,444

**Capital Projects Fund:**

Impact Fee Fund Balance Reconciliation	1,500,000
--	-----------

**Fleet Internal Service Fund:**

Wildland Engine Type 3	319,400
Type I Engine	900,000
Medic Units	165,600
Emergency Staff Vehicles	166,667
Parks & Recreation Fleet	150,000
Facilities & Development Fleet	50,000
District-wide Fleet Contingency	50,000

**Facilities Internal Service Fund:**

Fox Aquatic Center Capital Improvements	120,000
Station 71 Capital Improvements	250,000
Corporate Yard Facility Improvements	430,000
Facilities Contingency Replenish	415,000

**Information Technology Internal Service Fund:**

New ERP System	<u>500,000</u>
<b>TOTAL:</b>	<b><u>\$ 9,326,111</u></b>

**NOTE 14-NEW PRONOUNCEMENTS**

**GASB Statement No. 100** – In June 2022, GASB issued Statement No. 100, *Accounting for Changes and Error Corrections*. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement is effective for reporting periods beginning after June 15, 2023, or the fiscal year 2023-24. The implementation of this Statement did not have a material effect on the financial statements.

**COSUMNES COMMUNITY SERVICES DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**For the Year Ended June 30, 2024**

**NOTE 14-NEW PRONOUNCEMENTS (Continued)**

**GASB Statement No. 101** – In June 2022, GASB issued Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement is effective for reporting periods beginning after December 15, 2023, or the fiscal year 2024-25. The District early implemented this pronouncement for the year ending June 30, 2204.

**GASB Statement No. 102** – In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement is effective for reporting periods beginning after June 15, 2024, or the fiscal year 2024-25. The District has not yet determined the effect of this Statement on its financial statements.

**GASB Statement No. 103** – In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement is effective for reporting periods beginning after June 15, 2025, or the fiscal year 2025-26. The District has not yet determined the effect of this Statement on its financial statements.

**Notes to Schedule**

Contribution valuation date - June 30	2021	2020	2019	2018	2017	2016	2015	2014	2013	2012
Reporting valuation date - June 30	2022	2021	2020	2019	2018	2017	2016	2015	2014	2013
Reporting measurement date - June 30	2023	2022	2021	2020	2019	2018	2017	2016	2015	2014

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal									
Amortization method	Level percentage of payroll, closed									
Remaining amortization period	Varies by rate plan, but not more than 30 years									
Inflation	2.50%	2.50%	2.50%	2.50%	2.63%	2.75%	2.75%	2.75%	2.75%	2.75%
Salary increases	Varies by entry age and service									
Investment rate of return	7.00%	7.00%	7.00%	7.00%	7.25%	7.38%	7.50%	7.50%	7.50%	7.50%
Retirement age	The probabilities of retirement are based on the CalPERS Experience Study									
Retirement age and mortality	The probabilities of mortality are based on the CalPERS Experience Study. Pre-retirement and Post-retirement mortality rates include 20 years of projected mortality improvement using Scale BB published by the Society of Actuaries for 2015 to 2018. For 2019, 2020, 2021 and 2022, pre-retirement and post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For 2023 and 2024, pre-retirement and post-retirement mortality rates include generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries.

**COSUMNES COMMUNITY SERVICES DISTRICT  
REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2024**

**3. BUDGETARY BASIS OF ACCOUNTING**

As required by the laws of the State of California, the District prepares and legally adopts a final operating budget on or before September 1 of each fiscal year. Until the adoption of this final budget, operations are governed by the adopted preliminary budget approved by the Board.

Biennial budgets were adopted for the General Fund, Landscape and Lighting District Special Revenue Fund and Capital Projects Fund during the year ended June 30, 2024. Accordingly, comparison of actual results of operations to budgetary data for the remaining funds is not presented. Operating budgets are prepared on the modified accrual basis of accounting. Budgetary control and the legal level of control are at the object level. In addition, legal level of budgetary control for the Landscape and Lighting District Special Revenue Fund is at the benefit zone level, which is presented in the Supplementary Information section of this report. Significant amendments, appropriation transfers between objects and transfers from contingencies must be approved by the District's Board of Directors. Supplemental appropriations financed by unanticipated revenues also must be approved by the Board. No significant supplemental appropriations were required during the year ended June 30, 2024.

## **LANDSCAPE AND LIGHTING SPECIAL REVENUE FUND**

To account for specific revenue sources related to the District Wide Landscape and Lighting Assessment District pursuant to the Landscape and Lighting Act of 1972. The activities of the Assessment Districts are accounted for under the following zones of benefit, which do not represent separate special revenue funds:

- Zone 1 - Laguna
- Zone 2 - Camden
- Zone 3 - Elk Grove/West Vineyard
- Zone 4 - West Laguna
- Zone 5 - Lakeside
- Zone 6 - Central Elk Grove
- Zone 8 - Other Rural Areas
- Zone 9 - Waterman/Park Village
- Zone 10 - Auto Mall
- Zone 11 - East Elk Grove
- Zone 12 - Laguna Stonelake
- Zone 13 - East Franklin
- Zone 14 - Camden Park
- Zone 15 - Vista Creek
- Zone 16 - Fallbrook Park Lane
- Zone 17 - City Landscape
- Zone 18 - Hampton Village
- Zone 19 - Camden Estates/Pointe
- Zone 20 - Perry Ranch
- District Wide

## STATISTICAL SECTION

This part of the Cosumnes Community Services District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's over all financial health.

### ***Financial Trends***

These schedules contain financial trend information for assessing the District's financial performance and well-being over time.

1. Net Position by Component
2. Changes in Net Position
3. Fund Balances of Governmental and Proprietary Funds
4. Changes in Fund Balance of Governmental and Proprietary Funds

### ***Revenue Capacity***

These schedules present revenue capacity information to assess the District's ability to generate revenues. Property taxes, charges for services and developer fees and contributions are the District's most significant revenue sources.

1. Direct and Overlapping Property Tax Rates
2. Principal Property Taxpayers
3. Property Tax Levies and Collections
4. Assessed Value of Taxable Property

### ***Debt Capacity***

These schedules present information to assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt.

1. Ratio of Outstanding Debt by Type
2. Computation of Direct and Overlapping Debt
3. Computation of Legal Debt Margin Information
4. Debt Pledged Revenue Coverage

### ***Demographic and Economic Information***

These schedules provide information on the demographic and economic environment in which the District conducts business.

1. Demographic and Economic Statistics
2. Principal Employers

### ***Operating Information***

These schedules provide information on the District's service infrastructure to assist the reader in understanding how the information in the District's financial report relates to the services the District provides and the activities it performs.

1. Full-Time District Employees by Function
2. Operating Indicators by Function/Program
3. Capital Asset Statistics by Function/Program

### ***Sources***

Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports of the relevant years.

Notes:

In 1978, California voters passed Proposition 13 which sets the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of Regional Sanitation District bonds and Los Rios Community College General Obligation bonds.

Rates are within the City of Elk Grove boundaries. No data is available for areas outside City boundaries.

Notes:

In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Total debt applicable to the limit as a percentage of debt limit	0%	0%	0%	0%	0%	0%	0%	0%	0%	0%

Note: The Government Code of the State of California provides for a legal debt limit of 5% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the state.

Notes: Details regarding the District's outstanding debt can be found in the notes to the financial statements. Special assessments pledged for the loan payable are reported in the Landscape and Lighting Special Revenue Fund and related debt service expenditures are reported in the Debt Service Fund. Operating expenses do not include debt service or capital outlay expenditures.

The special assessment debt consists of a lease that was moved to the Debt Service Fund during the year ended June 30, 2021.

(1) - Revenues were pledged for the Underwood Park Well loan that was paid-off in fiscal year 2022.

(2) - no pledged revenue in fiscal year 2023
